

Teams Health Adoption Emails and Poster Review Round 3

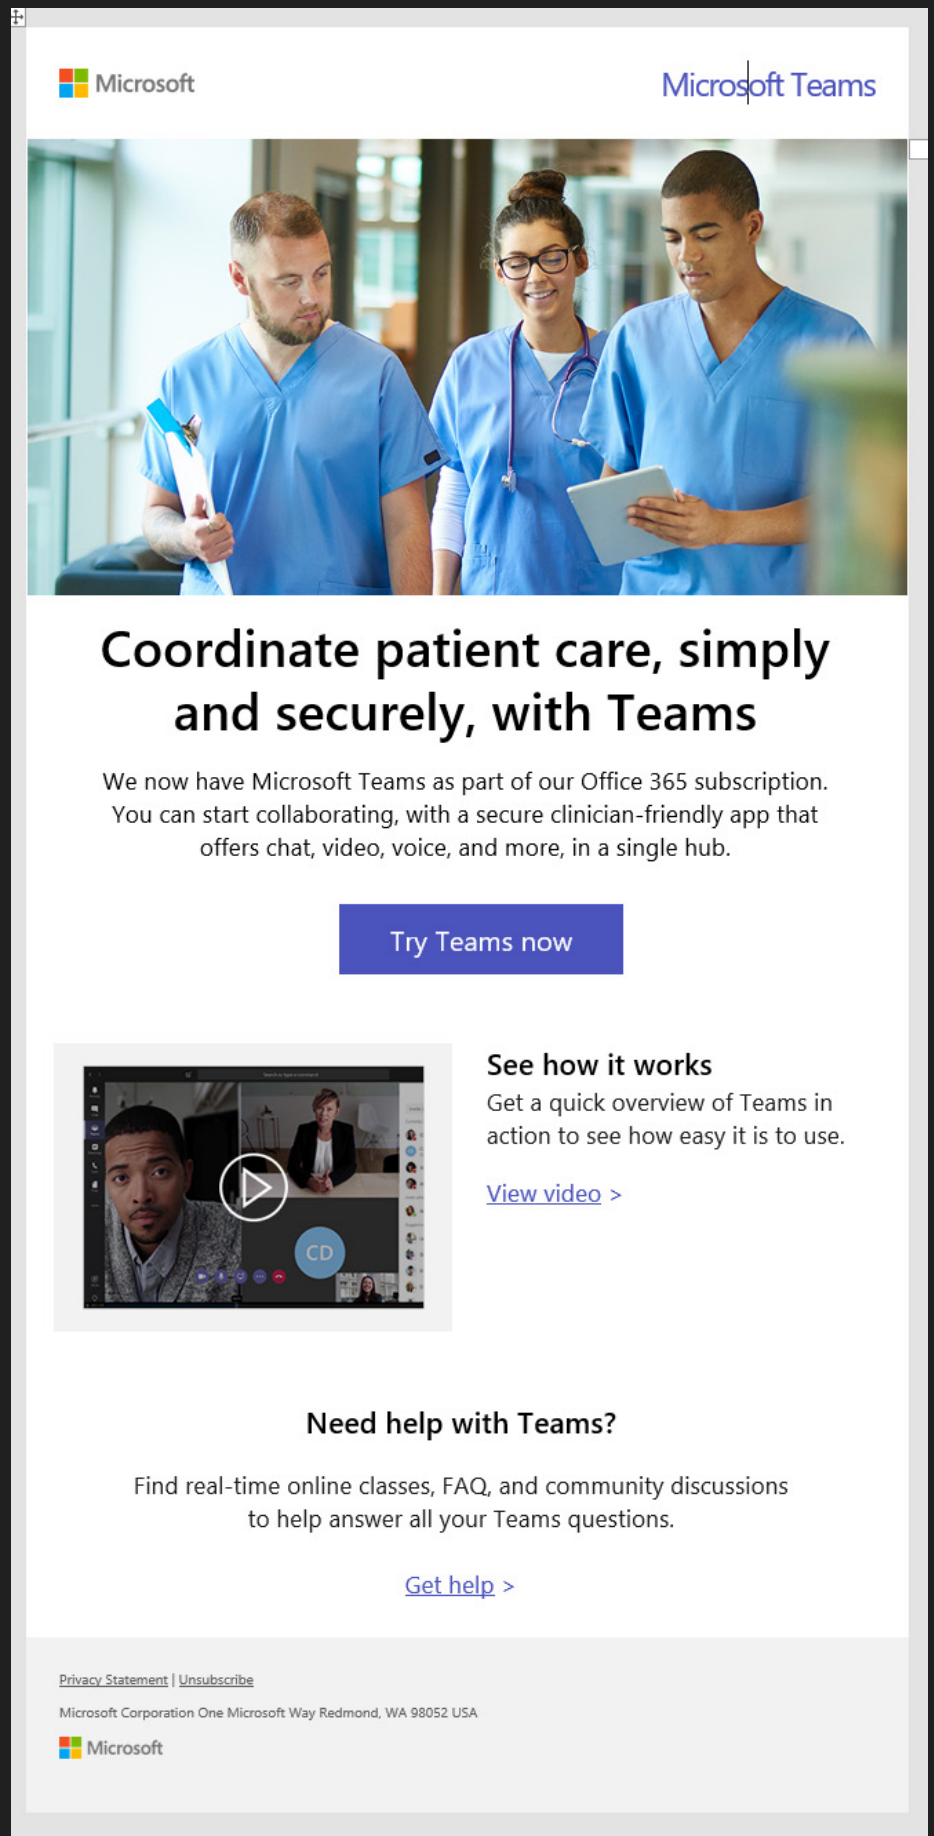

5 x EMAILS FOR CLINICIANS

Email 1 - An Introduction to Teams

OPTION 1

SUBJECT LINE:

Meet our new app for care team collaboration

The image shows a Microsoft Teams health adoption email template. At the top left is the Microsoft logo, and at the top right is the Microsoft Teams logo. Below the logos is a photograph of three healthcare professionals in blue scrubs: a man on the left holding a clipboard, a woman in the center with a stethoscope, and a man on the right looking at a tablet. The main headline reads "Coordinate patient care, simply and securely, with Teams". Below this is a paragraph: "We now have Microsoft Teams as part of our Office 365 subscription. You can start collaborating, with a secure clinician-friendly app that offers chat, video, voice, and more, in a single hub." A blue button labeled "Try Teams now" is positioned below the text. Further down is a video player showing a Teams meeting interface with a play button overlay. To the right of the video is the text "See how it works" followed by "Get a quick overview of Teams in action to see how easy it is to use." and a link "View video >". Below the video is the section "Need help with Teams?" with the text "Find real-time online classes, FAQ, and community discussions to help answer all your Teams questions." and a link "Get help >". At the bottom, there are links for "Privacy Statement" and "Unsubscribe", the address "Microsoft Corporation One Microsoft Way Redmond, WA 98052 USA", and the Microsoft logo.

Email 2 - Connect Instantly with secure messaging

OPTION 1

SUBJECT LINE:

Send urgent messages securely in Microsoft Teams

Microsoft Teams

Relay urgent information with confidence

Microsoft Teams meets the enhanced security and compliance requirements for healthcare organizations. For example, when you capture and share images using Teams, your photos are saved in the cloud, not in your device image gallery. Find out how easy it is to use Teams.

Email 3 - Coordinate patient care in one hub

SUBJECT LINE:

Teams is your care team's communication solution

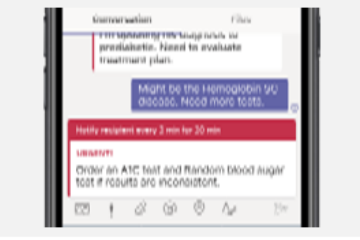

Coordinating patient care just got easier

Microsoft Teams can help you coordinate patient updates in real time through connections to electronic health records (EHR)* and familiar systems. Share information to organize, prioritize, and monitor patient status.

[Try Teams now](#)

[See how to do it >](#)

Did you know?

Teams allows you to mark a message "urgent" so the nurse, doctor, or staff member gets a reminder every two minutes for up to 20 minutes.

SUBJECT LINE:

Meetings are easier with Microsoft Teams

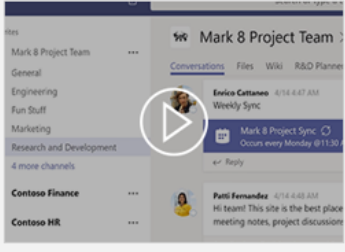

Make meetings engaging and effective with Teams

Conduct secure audio or video calls with other clinicians and staff, and involve everyone (including remote participants) by sharing your screen and responding to questions in chat.

Record and save the calls for people who can't attend, and encourage follow-up by @mentioning participants after the meeting.

[Learn more](#)

Did you know?

You can securely access files, images, and even electronic health records (EHR)* during your meeting—all from within Teams.

3 x EMAILS FOR STAFF & ADMINISTRATORS

Email 1 - An Introduction to Teams

SUBJECT LINE:

Microsoft Teams puts the teamwork in healthcare

The poster features the Microsoft logo in the top left and "Microsoft Teams" in the top right. Below the logos is a photograph of a male and female healthcare professional in white lab coats standing on a balcony, looking at a smartphone together. The main headline reads "Work better together with Microsoft Teams". Below this is a paragraph explaining that Teams is part of the Office 365 subscription and offers chat, video, voice, and more in a single hub. A blue button labeled "Try Teams now" is positioned below the text. Further down is a video player showing a Teams meeting interface with a play button overlay. To the right of the video is the text "See how it works" and "Get a quick overview of Teams in action to see how easy it is to use.", followed by a "View video >" link.
